**Charged With Murder.**  
KNOXVILLE, Feb. 14.—L. J. Snyder was arrested near Bristol on the charge of having murdered and robbed his uncle, Jesse Snyder, several months ago. The crime created much excitement at the time and several possses were sent out in search of the guilty party. Young Snyder went to Ohio and soon afterwards returned, displaying considerable money. He is in jail.

**Engagement at Reit River.**  
LONDON, Feb. 14.—The following dispatch has been received at the war office from General Roberts: "Reit River, Tuesday, Feb. 13.—Colonel Hannay, in command of a brigade of mounted infantry, marching from Orange River to Ramah, had a slight engagement on Feb. 11. (Sunday) with the Boers holding the hills and threatening his right flank. With a detached part of his force Colonel Hannay detained the enemy while he pushed his baggage and main body through to Ramah. The object of the March was successfully carried out."

**River Receding at Columbus.**  
COLUMBUS, Ga., Feb. 14.—Waters of the Chattahoochee are now falling rapidly. Fall of 18 inches has been registered at the powerhouse and a fall of 3 feet below the dam at the wharf. Three thousand operatives have been idle four days, and it will be Thursday or Friday before they can begin work again. Damage to power company and mills will not exceed \$15,000 or \$20,000. All danger to the bridges is now over, save from drift timber. Twenty-five bridges on the streams north of Columbus running into the Chattahoochee have been carried away by the high water at an average value of \$1,000 each.

**Calcasieu River Clogged.**  
LAKE CHARLES, La., Feb. 14.—A log jam at the mouth of English bayou, in the Calcasieu river, is causing the logmen a great deal of trouble and it is feared that the loss will be considerable. There are about 8,000 logs in the jam, which fills the river so that no boats can pass. The logs are worth thousands of dollars. The river has never before been clogged in this way.

**Bridge Out at Montgomery.**  
MONTGOMERY, Ala., Feb. 14.—Three spans of the Tallapoosa and Montgomery railroad bridge, across the Alabama river, were washed away tonight. The river is in a frightfully swollen condition by the heavy rains and considerable damage is expected to result.

**Died From a Stab.**  
MONTGOMERY, Ala., Feb. 14.—James Hatcher, a gentleman from Pinckard, Ala., died at the infirmary here this morning from the effects of a stab inflicted by a negro at Pinckard last Sunday. The negro, Jim Johnson, escaped and is still at large.

**How to Cook Turnips.**  
In this case it is "first catch your turnip"—that is, find that sweet little white turnip which is flat, with purple top, not big, round, with blue or pink top, fine of flavor raw and delicious when cooked. Peel, quarter and boil in salted water to which a little sugar has been added. Boiled quickly, they are much better than when boiled slowly, so hasten the process, being sure to cook long enough to be thoroughly done. Drain when done and slice, returning to the stove to dry off extra moisture. Dress with butter, pepper and salt only; serve in a hot covered dish. It is quite as well to cut the quartered turnips into slices before cooking. They must never be mashed in any case, mashing developing a bitterness in turnips.—Ella Morris Kretschmar in Woman's Home Companion.

**Best Way to Furnish a House.**  
When about to furnish a house, one of the first things to be considered is the amount of money that shall be devoted to the purpose. After deciding this make a list of the essentials and then a list of the desirable accessories. Naturally the essentials are the things that should be purchased first. It is best to stop there until one has lived in the house for at least a short time. It will then be possible to study the possibilities and necessities of each room, and as time, opportunity and money permit one can add such things as are necessary. In this way the purchase of undesirable and inharmonious articles will be avoided.—Ladies' Home Journal.

Mrs. J. K. Miller, Newton Hamilton, Pa., writes, "I think DeWitt's Witch Hazel Salve the grandest salve made." It cures piles and heals everything. All fraudulent imitations are worthless. Hargis' Pharmacy, John Sheppard, S. Kahn.

## Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific  
**S.S.S. The Blood**  
is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

**Blank Wills.**  
Among the many things which the British government provides for its soldiers are blank forms for a will. According to Harper's Weekly, "the war office supplies every soldier that goes to the front with three blank forms of wills—the first for the man who wishes to leave all his property to one person, the second for those who wish to bequeath legacies to several persons and the third for use of married soldiers desiring to leave property to their wives and children."

"The British soldier, like most other people, usually neglects to make his will until the very last moment and frequently waits until wounded or dying upon the field. It is said that formerly the men would scribble their will in a few words on some stray bit of paper or on the inside of a helmet, the lid of a cartridge box or perhaps on a stone lying near by."  
The idea is a good one, and the Philadelphia Medical Journal suggests that "if hospitals and emergency physicians as well as soldiers were provided with such blanks they might prove of great convenience in many cases of emergency and severe illness, and legal complications might many times be avoided by their use."

John Durr, Poseyville, Ind., says: "I never used anything as good as One Minute Cough Cure. We are never without it." Quickly breaks up coughs and colds. Cures all throat and lung troubles. Its use will prevent consumption. Pleasant to take. Hargis' Pharmacy, John Sheppard, S. Kahn.

Testimonial From Judge Gaston.

GREENVILLE, ALA., Aug. 10, 1899. I take great pleasure in certifying to the purity and the merit of Wilkinson's Matchless Mineral Water. This natural mineral water, to my personal knowledge, is taken from a well three miles west of Greenville in the exact condition in which it is sold. I have seen this water used, with wonderful success, for dyspepsia, indigestion, nervousness and for eruptive diseases, sores and ulcers on man and animal. As a remedy for these troubles, I do not believe its equal exists. It is highly recommended by physicians for a number of diseases.
